Data Alert - Registrar 2019-21

2019 Field Testing

How would you like the opportunity to give direct feedback on proposed new data items while earning additional CEU's in the process?

Please consider participating in this voluntary 2021 Data Changes Field Testing. This is your chance to provide comment on data items prior to implementation.

To learn more about the 2019 Field Testing click [here](#).

Details:

When: November 1, 2019 – December 15, 2019

How: SEER Reliability Software will be utilized
