Data Alert - Registrar 2020-06

CCR 2020 Education & Training *New Plan!*

The CCR has developed a new plan to bring you our previously scheduled CCR 2020 Education & Training with Denise Harrison, BS, CTR.

The original scheduled program will be available to you in its entirety ONLINE in the California Learning Management System FLccSC!

The material will be recorded by Denise Harrison, BS, CTR, and will be presented in individual “courses” in FLccSC. Slide handouts and case scenarios will all be available for download.

- Enrollment will open approximately May 18, 2020 with a new topic posted each week for 7 weeks.
- NCRA has approved 6.75 Category A CEs for the online training.
- **Using FLccSC is the only way to access, view and participate in the CCR 2020 Education program.** All CA CTRs, non-CTR, Students, or out of state CTRs working for a CA facility are eligible for a FLccSC account.
- **WHAT SHOULD YOU DO NOW?**
 - **If you do not already have a FLccSC user account create one NOW!**

- **If you already have a FLccSC User account, you are all set and ready to go once enrollment for the training opens!**

Further details on the enrollment and course completion timeline, as well as topic posting order will be provided in a subsequent data alert.
