

**Quality Control Unit**  
**Data Alert – Registrar 2021-19**  
**New CCR “Q-Tip” has been posted to FLccSC**

**Lung 2018 Summary Stage Coding Clarifications**

A new Q-Tip clarifying issues identified in coding summary stage for lung, based on a recent CCR audit has been posted to FLccSC. The new Q-Tip can be found in FLccSC under the Course Category “CCR Q-Tips”. Once you open the course category, you can “enroll” in the Q-Tip, enter the course, and download the file. After you have downloaded the file the Q-Tip will move to your “completed courses” tab where it will remain indefinitely- and you can find it there to refer to at any time.

As a reminder, to allow for more flexibility in content format and ease of access, newly issued Q-Tips for 2021 and forward will be posted directly into FLccSC and no longer on the CCR website. The CCR Website Q-Tips section will soon direct the user to the FLccSC URL link, which will take you to the FLccSC login page.

If you do not have a FLccSC user account, use the link below to access the FLccSC login page and click the box “New Users – Register here” in the bottom right hand corner and set up your profile
