

**Quality Control Unit
Data Alert – 2022-12
2022 Annual Data Changes Presentation
Now available in FLccSC**

The California Cancer Registry presentation on the 2022 Annual Data Changes has been posted to FLccSC. This course provides an overview of the data changes that will be taking place later this year when registry software is updated for 2022. Included are CCR Updates, highlights of the ICDO-3.2 changes for 2022, SEER updates, SSDI changes, Other Data Item Changes, and STORE surgery code changes. A Q&A will also be available. This course is pending approval for .75 Category A CEs by NCRA.

This new course can be found in FLccSC under the course category “2022 Data Changes”. The course includes a 30-minute video presentation followed by a short quiz. Once you have completed the course, you can move to your “completed courses” tab where you can print your CE certificate.

If you do not have a FLccSC user account use the link below to access the FLccSC login page and click the box “New Users – Register here” in the bottom right hand corner and set up your profile
