WELCOME TO THE CALIFORNIA CANCER REGISTRY CANCER REPORTING PORTAL

The California Cancer Registry (CCR) is a population-based, statewide cancer registry that was established in 1988. CCR collects information about most cancers diagnosed in California. All hospitals, facilities, and physicians diagnosing and/or providing treatment to cancer patients are required by law to report cases of cancer to CCR, which includes demographic, diagnostic, and treatment data.

CCR is a program of the California Department of Public Health. CCR monitors the number of cancer cases and cancer deaths in California, examines treatment choices and other predictors of survival, conducts research to find the causes and cures of cancer, and responds to public concerns about cancer.

If you are a physician who diagnoses and/or treats cancer patients, and would like more information on physician reporting of cancer, please review Physician Requirements for Cancer Reporting in California here:

1. If you already have a local account on this portal, please click here proceed to the sign in page.

2. If you are a physician and would like to register to electronically report cancer cases, please click here to request an account. Upon receipt of your registration you will be contacted by CCR staff to set up your account.

3. If you have been contacted by CCR to provide additional information related to a cancer case, and you received an invitation code, click here.

The Physician Registration Form is displayed. Next, complete the Physician Registration Form.

NOTE: Users can access the user guide by clicking on the link, here, on the top of the page below the form name.

Section 1 of 3: Reporting facility information

Users should search for the provider’s facility by clicking on the search icon.

Reporting facility: Is the provider’s facility.

Physician Registration Form

If you need help registering, please review the user guide here.

SECTION 1 of 3: Reporting facility information

Search for reporting facility:

If you are unable to find your reporting facility in the search above, please complete the following fields:

<table>
<thead>
<tr>
<th>Facility Name</th>
<th>Street</th>
</tr>
</thead>
<tbody>
<tr>
<td>County Lookup</td>
<td>City</td>
</tr>
<tr>
<td>Phone</td>
<td>State</td>
</tr>
<tr>
<td></td>
<td>ZIP/Postal Code</td>
</tr>
</tbody>
</table>
The Lookup Records search dialog box is displayed.

Next, users should conduct a search and select the appropriate facility from the displayed search results, by clicking once on the facility and then click on the Select button.

Once selected the users are redirected to the Physician Registration Form with the Reporting Source search field prepopulated with the selected information.

If the provider’s facility is not found, then fill out Section I.
Section 2 of 3: Physician information

Users should search for the physician by clicking on the search icon.

*Physician*: Is the physician at the facility who will be submitting the cancer incidents.

The Lookup Records search dialog box is displayed.
Users can search by typing the Physician’s Name (first and/or last name) or the physician’s California License Number, in the search field and clicking on the search icon.

**NOTE**: To search with a license number, please precede the license number with an asterisk, for example: *123456

Next, users should select the appropriate physician from the displayed search results, by clicking once on the physician’s name and then click on the Select button.
Once selected, the users are redirected to the Physician Registration Form with the physician’s search field pre-populated with the selected information.

Next, users should fill out the required fields denoted with an asterisk (*). If the physician’s information is not found, then users should fill out Section 2.

Section 3 of 3: Authorized contact for cancer reporting
By default the Authorized Contact in Section 3 of 3 has "Myself" selected. Users can change this option depending on their sign-up needs.
Next, complete the challenge question and then click on the Submit button to send the Physician Registration Form. **NOTE:** The password for the challenge question at the end of the form is not case sensitive.

The Physician Registration Confirmation and Instructions screen is displayed advising users that a representative from CCR will contact them in one to two business days, and will provide additional information on account setup once CCR has verified their information.

Upon verification of registration information by CCR, the Physician User will receive an e-mail with a link for account registration and an invitation code from CCR.
Copy the Invitation Code and click on the account registration link in the email. Sign up with an invitation code is displayed in the browser. Copy and paste the invitation code in the Invitation Code field.

Click on the Register button to set up your portal account. Then create a username and password for your account, and then click on the Register button.
NOTE: The password must have at least one non-letter and non-digit character. Passwords must have at least one uppercase ('A'-'Z') letter. Finally, create your Profile and click on the Update button to register the changes.
Upon completion of the above step, the browser redirects the user to the CCR - Cancer Reporting Portal and the top right of the screen will display the user as being logged in, and users can now submit a new case.
