Volume IV – Revision to 2026 Data Changes

The California Cancer Registry has published a revision to the 26th edition of the *California Cancer Reporting System Standards: [Physician's Reporting Requirements for Cancer Reporting in California](#)*.

Updated LI-RADS and PI-RADS reportability per the April SEER changes, removing obsolete resource links.

Volume IV, *Physician's Reporting Requirements for Cancer Reporting in California*, is available on our website at <http://www.ccrca.org/> under: Data Standards and Reporting → Cancer Registrars, Hospitals, and Facilities → Registrar Resources and Reporting → CCR Standards on Reporting Cancer in California (Volumes I–IV).
