Data Alert - Registrar 2018-07

Timeliness Clarification

This data alert is intended to clarify the timeliness exclusion included in the [Data Alert 2018-02](#) Timeliness Requirements.

Cases first seen at a reporting facility in 2018, but diagnosed prior to January 1, 2018 are subject to the normal Timeliness standard requirements. These cases should be abstracted using the current software for pre-2018 diagnosed cases and transmitted accordingly. No Timeliness requirement exclusion will be applied to these cases.

See [Data Alert 2018-02](#) for Timeliness Requirements pertaining to cases diagnosed 2018 forward.
